1 Summary

Population grew **2.1%** last year, and jobs grew faster than housing across the four counties. This page is rendered to PDF with `format: wfrc-brand-typst`: the logo, colors and fonts come from `brand.yml`.

> **Note**
>
> PTI is unitless. A value of 1.5 means a 20-minute free-flow trip needs 30 minutes of budget.

2 Findings

2.1 Travel modes

Mode	Share
Drive	78%
Transit	4%
Walk and bike	5%

2.2 Method

The score combines reach and jobs:

$$\text{score} = 0.6 \cdot \text{reach} + 0.4 \cdot \text{jobs}$$

```
gaps ▷ mutate(score = rescale(reach) * 0.6 + rescale(jobs) * 0.4)
```

3 Next steps

1. Confirm the results with city staff.
2. Publish the data on the open data portal.
